Mighty AWESOME! Mighty FUN! No kidding! We use every prop in the studio for this blend of mat-based and standing postures. This strength-based class is for anyone, young and old, from those just starting out in fitness to those who are fit, and everyone in between.

You will find lots of challenge, but here's the key - without pain!

You don't have to already be mighty before you start this class – this class will meet you where you're at and help you gradually become increasingly mighty. Your balance, strength, and flexibility will improve as will your ability to sit one minute longer with challenges that you face.

No class Friday, November 23rd. Happy Thanksgiving!

Yoga for All – 60 minutes. Meets 5:00pm T/Th. 8 classes for the month for \$64.

Performance-based yoga serving those who are deconditioned, those with chronic conditions and/or pain, those who are healthy, AND athletes - it's all about moving well and finding more ease. And it's about moving well in your body so that YOU FEEL BETTER and are stronger after you leave. Without pain/strain/tension. Amazing! Really!

This yoga class invites all bodies to come and see how good movement, breath, and stillness can feel. It's simple enough for the beginner and yet individualized enough for someone who has practiced yoga for years to continue to advance in their own personal practice.

Learn how to practice without tension, holding your breath, or compensating into old patterns. Options are given for more (or less) challenge and for people who may be healing knees, shoulders, wrists, etc. You'll improve balance, flexibility, and focus while developing strength and ease as you learn how to listen to your body and care for yourself better in and out of class.

No class November 22nd. Happy Thanksgiving!
